

Welcome to the 75th Anniversary of the American Academy of Orthopaedic Surgeons!

Celebrate with your Academy:
Learn, interact and enjoy the 75th Anniversary projects!

Moscone North

View a historical film - the 75th Anniversary historical film *Moving Pictures* reflects on the last 75 years of orthopaedic innovation and development by researchers, surgeons, industry, and happenstance. The story is conveyed largely through the personal stories of orthopaedic surgeons and patients.

Take in a three-dimensional art exhibit - this stunning, 5-foot by 7.5-foot piece of three-dimensional art is made up of actual and miniaturized pieces of the Academy's history that will take your breath away.

Travel the Digital Timeline - this must-see Digital Timeline takes viewers on an interactive, historical adventure where they can view more than 1,500 events that have taken place over the history of orthopaedics.

Moscone West

Check out the traveling exhibit - stroll through the traveling exhibit and watch the history of orthopaedics unfold before your eyes. Major subject areas include Academy history, the New Century, the War Years, Polio, Scoliosis, Industry, Joint Replacement, Specialties, the Future, and more.

Enjoy the eMotion Pictures art show - admire the more than 200 artworks that sometimes humorously, sometimes poignantly, portray the patient and physician perspective of our orthopaedic specialty.

Flip through a commemorative coffee table book - rich with images, personal stories, and timelines noting significant events in the history of orthopaedics, the coffee table book, *Moving Stories: Seventy-five Years of Orthopaedic Surgery*, commemorates the Academy's Diamond Jubilee.

"Get it Straight" with a historical reference book - this ambitious text, *Getting it Straight: A History of American Orthopaedics*, documents the development of the specialty, historical markers, and medical advances in areas such as fracture care, manipulation, and surgery, in addition to the history of AAOS and other orthopaedic societies.

Visit the Celebratory Web site - everything the 75th Anniversary has to offer can be experienced by visiting the new site at www.aaos.org/75years.

Deborah Williams, oil on canvas, 8 x 16 in.
