## CME Credit, Disclaimer, Disclosure, Meeting Objectives

The Educational Program is sponsored by the Texas Orthopaedic Association in collaboration with Texas Society of Sports Medicine.

**Target Audience:** The target audience will be orthopaedic surgeons, residents, fellows, and physicians with an interest in orthopaedic treatment. Athletic trainers, coaches, physical therapists, and clinic administrators/technical staff may also be interested in the program.

**Educational Method:** Lecture presentations, case studies, and hands-on workshops.

**CME Accreditation and Credit Designation:** Texas Orthopaedic Association is accredited by the Texas Medical Association to provide continuing medical education for physicians.

The Texas Orthopaedic Association designates AMA PRA Category 1 Credits for the following educational activities:

- Friday, May 11<sup>th</sup> - Clinician-Patient Communication Course - 4.5 AMA PRA Category 1 Credits
- Friday, May 11<sup>th</sup> - Workers' Compensation Panel Discussion - 4 AMA PRA Category 1 Credits
- Saturday, May 12<sup>th</sup> - TOA Scientific Session - 7 AMA PRA Category 1 Credits

Physicians should only claim credit commensurate with the extent of their participation in the activity. The Clinician-Patient Communication Course has been designed for 1 hour ethics and/or professional responsibility.

**Objectives:** This program will provide meeting participants current concepts in orthopaedic treatment. Upon completion of this activity, participants will be able to learn the results of new research, learn the results of clinical advances, learn how to expand the care provided in your orthopaedic practice, update basic knowledge and skills, exchange ideas with experts and peers in musculoskeletal care, analyze the health policy trends affecting your patients and practice, assess the latest in orthopaedic equipment and services, provide opportunities to strengthen professional relationships, demonstrate surgical techniques, facilitate evidence based improved outcomes in patients, and promote patient safety. Meeting participants will be able to describe the current and anticipated changes of the Workers' Compensation System, with further insight into how the Texas Workers' Compensation Commission will respond to and meet the needs of the Texas Department of Insurance, to discuss the importance of clinician patient communication, to discuss communication skills as a new focus of medical education and to demonstrate the skills and utilize feedback from a peer.

# Texas Orthopaedic Association 2007 Annual Meeting

Dear Orthopaedic Colleague,

It has been a great honor to serve as your President of the Texas Orthopaedic Association. I want to personally request your presence and active participation at the 2007 TOA Annual Meeting and Scientific Session to be held on May 10<sup>th</sup> - 13<sup>th</sup> at the Four Seasons Hotel in Austin, Texas.

Activities begin Thursday afternoon with a Billing and Collections Course titled *Get Paid Now! 'Collect From Insurance Companies & Patients'* presented by Jerry Bridge, founder and president of Bridge Practice Management Group, Inc. This course is open to orthopaedic surgeons and office staff.

On Friday morning we will visit our elected leaders in the Texas Capitol to discuss the many issues affecting our practice and our patients. If you have not been on Texas Capitol visits before, or if you want a "refresher course", we will have a primer session Friday morning before heading up to the Texas Capitol. Everyone in a leadership role in Texas orthopaedics will be there so can be assured that you will be paired up with some seasoned colleagues.

The Capitol visits will be followed with a luncheon with an Open Microphone session at the Four Season Hotel. Friday afternoon we will offer members and their staff a choice of a Workers' Compensation Seminar or the Clinician-Patient Communication Course. The Communications Course will get you 4.5 hours of CME and a 3% discount on you liability premium if you are insured by TMLT.

The Friday evening reception will feature COL James R. Ficke, MD, Chief of Orthopaedic Surgery at Brooke Army Medical Center presenting *From Iraq - Back to Iraq: Modern Combat Orthopaedic Care*. This presentation will specifically concentrate on war injuries and their current treatment by our Texas military colleagues. We plan to invite legislators and their staff to this social and informational event.

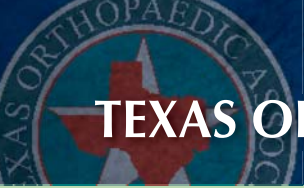

The Program Committee has put together an incredible display of educational offerings during our Saturday sessions including scientific papers, poster presentations and exhibitors that highlight the cutting edge of Texas orthopaedic care. Our 2007 Keynote Speaker Bernard F. Morrey, MD, Chairman of Orthopaedic Surgery, Mayo Clinic, will present *"Total Elbow Replacement: It Is Not Rocket Science"* on Saturday afternoon. Immediately after that, the 5<sup>th</sup> Annual Resident Quiz Bowl will feature teams of two residents from each of Texas' orthopaedic training programs competing for the highly coveted traveling trophy, title, and bragging rights. Dr. Mark Brinker's orthopaedic brain-teasers challenge the contestants and delight orthopaedists and spouses alike.

We have scheduled activities throughout the meeting the entire family can enjoy, so plan to bring your spouse and family to this exciting event. The Four Seasons Hotel is conveniently located near Town Lake, the Austin Children's Museum, Barton Springs, Botanical Gardens, the Bob Bullock Texas State History Museum and Zilker Park. We want you to make a special note of our Sunday, May 13<sup>th</sup> event; the renowned Four Seasons Mother's Day Brunch in the fabulous San Jacinto Room. This will be a great way to show your favorite Mothers how much you care.

As always, your association provides complimentary registration for the annual meeting as one of the many benefits of TOA membership. All Texas orthopaedic interns, residents, and fellows are welcome to attend as our guest. Mark your calendar and register for this important and historic event today. I look forward to seeing you in Austin in May.

Sincerely,

David D. Teuscher, MD  
TOA President

# TEXAS ORTHOPAEDIC ASSOCIATION 2007 ANNUAL MEETING

## Thursday, May 10<sup>th</sup>

**1:00 p.m. - 5:00 p.m.**  
Billing and Collections Course  
*Get Paid Now! Collect From Insurance Companies & Patients*  
Jerry Bridge, President of Bridge Practice Management Group

## Friday, May 11<sup>th</sup>

**8:00 a.m. - 12:00 p.m.**  
Legislative Briefing and Capitol Visits  
David Teuscher, MD, TOA President

**12:00 p.m. - 1:00 p.m.**  
Lunch  
Capitol Visit Recap and Open Mic

**1:00 p.m. - 5:30 p.m.**  
Clinician-Patient Communication Course  
Howard Epps, MD, Houston  
(Risk Management Discount Points Awarded)

OR  
Workers' Compensation Seminar – Improving the System  
Facilitator: David Teuscher, MD, Beaumont

**6:00 p.m. - 9:00 p.m.**  
TOA Member and Guest Reception  
Special Feature: *From Iraq - Back to Iraq: Modern Combat Orthopaedic Care*  
COL James Ficke, MD, Fort Sam Houston

## Saturday, May 12<sup>th</sup>

**8:00 a.m. - 8:15 a.m.**  
Welcome and Announcements  
Robert Kramer, MD, Beaumont, TOA Program Chair

*Kelly Carmichael, MD will serve as Session Moderator from 8:15 a.m. - 8:55 a.m. The five minute presentations will be followed by a fifteen minute combined discussion and questions period.*

**8:15 a.m. - 8:20 a.m.**  
Results of Supramalleolar Derotational Osteotomy of the Tibia in Ambulatory Children with Cerebral Palsy  
Michael Brennan, MD, Galveston

**8:20 a.m. - 8:25 a.m.**  
Orthopaedic and Renal Manifestations of Idiopathic Carpal Tarsal Osteolysis  
Robert Launikitis, MD, Galveston

**8:25 a.m. - 8:30 a.m.**  
Combined Medial and Lateral Condyle Elbow Fractures in a 3 year-old Patient  
Darrell Moulton, MD, Galveston

**8:30 a.m. - 8:35 a.m.**  
Single Incision Percutaneous Epiphysodesis  
Scott Waterman, MD, El Paso

**8:35 a.m. - 8:40 a.m.**  
Function Outcomes in Spastic Cerebral Palsy Patients after Multilevel Lower Extremity Surgery  
Wu Zhuge, MD, Pearland

**8:40 a.m. - 8:55 a.m.**  
Discussion/Questions  
  
*Mark Brinker, MD will serve as Session Moderator from 8:55 a.m. - 9:35 a.m. The five minute presentations will be followed by a fifteen minute combined discussion and questions period.*

**8:55 a.m. - 9:00 a.m.**  
Correlation of Capitellar Wear Patterns with the Insertion Site of the ECRB Tendon  
Brian Blair, MD, Fort Worth

**9:00 a.m. - 9:05 a.m.**  
Conditions that Mimic Infections  
Fred Corley, MD, San Antonio

**9:05 a.m. - 9:10 a.m.**  
Shrimp Winch Injuries  
Alex Schroeder, MD, Galveston

**9:10 a.m. - 9:15 a.m.**  
A Comparison of the Accuracy of Intraoperative Fluoroscopy With and Without a Laser-Aiming Device  
Matthew Mays, MD, Galveston

**9:15 a.m. - 9:20 a.m.**  
The Use of Pre-OP Systemic Adriamycin (90 mg/m<sup>2</sup>) with 27 Gy Followed by Wide Surgical Resection for Local Control in the Treatment of Soft Tissue Sarcomas  
Gerhard Maale, MD, Dallas

**9:20 a.m. - 9:35 a.m.**  
Discussion/Questions

**9:35 a.m. - 10:00 a.m.**  
Exhibitor Visitation

**10:00 a.m. - 10:30 a.m.**  
• Concurrent Scientific Workshops  
Flexible Intramedullary Nailing for Pediatric Forearm Fractures and Other Long Bones  
Facilitator: Kelly Carmichael, MD, Galveston

OR  
Cartilage Registry  
Facilitator: Bruce Moseley MD, Houston

**10:30 a.m. - 11:00 a.m.**  
• Concurrent Scientific Workshops  
Volar Plate Fixation of Distal Radius Fractures  
Facilitator: Robert Kramer, MD, Beaumont  
OR  
Treatment Algorithm, ACI, and Meniscus Allograft  
Facilitator: Wayne Gersoff, MD, Colorado

*Brannan Smoot, MD will serve as Session Moderator from 11:00 a.m. - 11:35 a.m. The five minute presentations will be followed by a fifteen minute combined discussion and questions period.*

**11:00 a.m. - 11:05 a.m.**  
Ponseti's Manipulation in Neglected Clubfeet: Are We Joking?  
Aman Dua, MD, India

**11:05 a.m. - 11:10 a.m.**  
The Use of Calcium Sulfate/Calcium Phosphate (composite graft) to Augment Screw Purchase in Osteoporotic Ankles  
Sanataram Vallurupalli, MD, Galveston

**11:10 a.m. - 11:15 a.m.**  
First Web Space Soft Tissue Release in Bunion Surgery; Functional Outcomes of a New Technique  
Jay Rapley, MD, Galveston

**11:15 a.m. - 11:20 a.m.**  
Evaluation of Previously Operated Clubfoot Residual/Recurrence Surgery with Pre and Post Operative Dynamic Plantar Pressures  
S. Babak Kalantar, MD, Houston

**11:20 a.m. - 11:25 a.m.**  
Reliability of Angular Versus Linear Measurements in Hallux Valgus  
Martin Hilton, MD, Galveston

**11:25 a.m. - 11:35 a.m.**  
Discussion/Questions

*Omer Ilahi, MD will serve as Session Moderator from 11:35 a.m. - 12:15 p.m. The five minute presentations will be followed by a fifteen minute combined discussion and questions period.*

**11:35 a.m. - 11:40 a.m.**  
A Description of Injuries Sustained While Skimboarding  
David Merriman, MD, Galveston

**11:40 a.m. - 11:45 a.m.**  
Reconstruction of the Coracoclavicular Ligament with a Semitendinosus Allograft in AC Joint Separations, 2-5 Year Follow-up  
Edward Seade, MD, Austin

**11:45 a.m. - 11:50 a.m.**  
Variability in Human Capitate Morphology in the Wrist  
Sean Burns, MD, Galveston

**11:50 a.m. - 11:55 a.m.**  
Biomechanical Comparison of a Single-Row Rotator Cuff Repair Compared to a Novel Suture Bridging Dual-Row Cuff Repair Technique  
Allen Deutsch, MD, Houston

**11:55 a.m. - 12:00 p.m.**  
Tensioning of Anterior Cruciate Ligament Semitendinosis and Gracilis Grafts: Comparing Equal Tension Versus Equal Stress  
Chad Conner, MD, Galveston

**12:00 p.m. - 12:15 p.m.**  
Discussion/Questions

**12:15 p.m. - 1:30 p.m.** Lunch  
TSSM Business Meeting  
TOA Business Meeting

*Andrew Kant, MD will serve as Session Moderator from 1:30 p.m. - 2:15 p.m. The five minute presentations will be followed by a fifteen minute combined discussion and questions period.*

**1:30 p.m. - 1:35 p.m.**  
Computer-Aided Shoulder Arthroplasty: Initial Clinical Experience  
T. Bradley Edwards, MD, Houston

**1:35 p.m. - 1:40 p.m.**  
Arthroscopic Findings in Knees Undergoing Valgus Producing Proximal Tibial Osteotomy for Medial Compartment Osteoarthritis  
Josh Stein, MD, Houston

**1:40 p.m. - 1:45 p.m.**  
Primary Reverse Total Shoulder Arthroplasty through a Superior Approach: The First 100 Cases  
Kenneth Lin, MD, Dallas

**1:45 p.m. - 1:50 p.m.**  
Metal-On-Metal Hip Resurfacing in Non-Inflammatory Degenerative Joint Disease: A Prospective Clinical Trial  
Justin Klimisch, MD, Galveston

**1:50 p.m. - 1:55 p.m.**  
Advanced Indications for Reverse Shoulder Arthroplasty  
T. Bradley Edwards, MD, Houston

**2:00 p.m. - 2:15 p.m.**  
Discussion/Questions

**2:15 p.m. - 2:45 p.m.**  
• Concurrent Scientific Workshops  
Navigation Lower Extremity Total Joint  
Facilitator: Albert Cuellar, MD, Houston  
OR  
Military Experience  
Facilitator: Doug Vermillion, MD, Arkansas

**2:45 p.m. - 3:15 p.m.**  
• Concurrent Scientific Workshops  
Percutaneous Plate Fixation of Long Bone Fractures  
Facilitator: Daniel Thompson, MD, Beaumont  
OR  
Spine Roundtable Discussion  
Facilitator: Andrew Kant, MD, Houston

The Prevalence of Wrong Level Surgery among Spine Surgeons  
Ali Nourbakhsh, MD, Galveston

Nitinol (Memory Metal) Cervical Fixation in a Goat Model  
Robert Johnson, MD, San Antonio

**3:15 p.m. - 3:30 p.m.**  
Exhibitor Visitation

*David Teuscher, MD will serve as Session Moderator from 3:30 p.m. - 4:00 p.m. The five minute presentations will be followed by a fifteen minute combined discussion and questions period.*

**3:30 p.m. - 3:35 p.m.**  
Complications of Flexible Nailing of Pediatric Femur Fractures; Neck Penetration  
Alex Schroeder, MD, Galveston

**3:35 p.m. - 3:40 p.m.**  
Minimally Invasive Method of Harvesting the Flexor Digitorum Longus Tendon: A Cadaver Study  
Vinod Panchbhavi, MD, Galveston

**3:40 p.m. - 3:45 p.m.**  
Intraarticular Injuries Associated with Ankle Fractures  
Niki Leontaritis, MD, Galveston

**3:45 p.m. - 3:50 p.m.**  
Effect of Delay to Operation on Mortality Following Fracture of the Neck of Femur  
Ali Nourbakhsh, MD, Galveston

**3:50 p.m. - 4:00 p.m.**  
Discussion/Questions

**4:00 p.m. - 5:00 p.m.**  
Keynote Speaker - Bernard Morrey, MD - Total Elbow Replacement: It Is Not Rocket Science

**5:00 p.m. - 5:45 p.m.**  
Quiz Bowl  
Mark Brinker, MD, Houston

**5:45 p.m. - 6:00 p.m.**  
Award Presentation to Quiz Bowl Winners and Resident Paper Winners

**7:00 p.m. - 10:00 p.m.**  
Leadership Dinner (Invitation Only)

## Sunday, May 13<sup>th</sup>

**9:00 a.m. - 10:00 a.m.**  
Board Meeting
